

INVEST IN MUNICIPALITY OF GAZI BABA, SKOPJE

A guide for your investment opportunities

A WORD FROM THE MAYOR

Boban Stefkovski
Mayor of Municipality of GaziBaba

Blend together strong will, energy, a willingness to learn, diligence and adjust them to modern trends and you get Municipality of Gazi Baba - Skopje. The MGB has been endowed with all of these qualities for the last 50 years. Without them MGB could not have become one of South East Europe's leading industrial centers.

MGB can be confident thanks to its industrial tradition and potential, the technical and technological know-how that has been passed down from generation to generation, its hardworking people and high quality academic background.

We understand what you need and what we can offer. The best proof is provided by the confidence of both domestic and foreign investors. Add a great cultural and sports background, with a proximity to the attractive Skopska Crna Gora and Vodno Mountains and you have yet more reasons to come and get to know MGB Skopje better.

WHAT IS MUNICIPALITY OF GAZI BABA – SKOPJE LIKE

WORKFORCE

With approximately 70,000 inhabitants, Municipality of Gazi Baba, as a part of the capital city of Skopje – the metropolitan region area with **607,000 inhabitants**, is the largest industrial municipality in the R.N. Macedonia and the largest urban agglomeration. Around **39%** of Skopje's regional added value is generated by the manufacturing sector and its suppliers. Thanks to this strong industrial presence that is a fertile ground for continuous innovation and growth, Municipality of Gazi Baba – Skopje is a Macedonian reference point for **Industry 4.0**. Nowadays, rather than focusing only on new jobs, which used to be the priority when MGB was undergoing transformation, the city is now primarily trying to attract investors collaborating with the universities. The city therefore prefers companies whose R&D activities could be linked with academia. This means that MGB prefers companies with higher value added jobs.

58,000 **is the total workforce in MGB**, of what **74.57%** people working in the services sector, **24.54%** in the industry sector, and **0.63%** in the agriculture sector.

196,520 **the total workforce in Skopje**, of what **61.43%** people working in the **services sector, 37.92%** in the **industry sector**, and **0.65% in the agriculture sector**.

€ 10,715 **is median gross annual wage** in R.N. Macedonia

3,077 is the current number of **job seekers in MGB**, which gives the municipality an unemployment rate of 10.7%. Overall, there are over **26,000** **job seekers in the Skopje's region**.

68.3% of Macedonian citizens **speak a foreign language** other than their mother tongue.

MGB – SKOPJE AFTER WORK

Because work is not everything that matters, the MGB - Skopje tries to make life colorful every single day and at any time of night. Irrespective of taste, preferences and interests, everyone can find something they like. MGB - Skopje is a city full of charm and appeal. It astonishes visitors with its unique atmosphere, originality and creativity. Here you can find industrial sites now brimming with life, interesting buildings as bridges through the ages, many sport and green places, and places for entertainment and relaxation.

ARCHITECTURAL JEWELS

MGB – Skopje and city of Skopje itself provides a unique opportunity to walk through the streets and admire architecture as a stamp through the time.

Devastated by an earthquake in 1963, the city of Skopje was rebuilt under the auspices of the UN in a process that defined solidarity and cooperation in a divided era. A team of international architects led by Japan's Kenzō Tange brought about one of the world's most powerful architectural statements of the 20th century.

EXTENSIVE CULTURAL HERITAGE

The city boasts a vibrant art scene with numerous art museums, galleries, and exhibitions showcasing both traditional and contemporary art. An iconic landmark in MGB - Skopje is the impressive Filip the Great Statue, a popular tourist spot. Additionally, the city is adorned with over 200 sculptures and monuments, each offering a unique representation of history and culture, becoming top tourist attractions

FOR FOOD LOVERS

Sample local delicacies at the charming cafes and restaurants lining the streets, offering a taste of Macedonian cuisine. Whether it's immersing in nature's tranquility or savoring culinary delights, MGB - Skopje promises an unforgettable experience for all.

In recent years, there have been a number of new diverse businesses, offering delicious dishes and beverages.

SPORTS FANTASY

The Skopje Marathon is not just a race; it’s an extraordinary experience that combines athleticism with cultural exploration. Taking place every spring, this marathon draws participants from around the globe. As you run through the streets, you get to see the city’s unique blend of historical Landmarks and modern architecture.

CITY PARK GAZI BABA

The Gazi Baba forest park, is the biggest park in MGB – Skopje, with excellent conditions for sport and recreation with prepared running path and installed gym exercising equipment in a wonderful area of 100 ha of flora and fauna.

This is a place that many choose, and celebrations and picnics are often organized there.
The forest park in 2015 was declared as a natural monument

NATURE WITHIN A REACH

Between the mountains and the plains, the region offers the enchanting landscape of the most loved by the inhabitants of Skopje – mountains Vodno and Skopska Crna Gora with a lot of natural and protected areas, valleys, and rivers. There are a large number of protected areas: from the Jasen park to canyon Matka and lake Kozjak, from city park forest Gazi to the Katlanovo swamp.

QUALITY OF LIFE IN MGB SKOPJE

MGB as a part of the city of Skopje, is thriving and doing well – it is indebted big municipality of the R.N. Macedonia. Its improving economic situation is also reflected in the increasing quality of life of its citizens. Thanks to excellent economic results, it has been possible to invest, for example, in improving safety and quality of the environment, modernizing urban public transport and city hospitals, beautifying public spaces, supporting cultural and sporting events, and providing more money for development. It has also made it possible not to raise local taxes and fees for residents and entrepreneurs, which are the lowest in the area. MGB is investing in its future. It has ambitions and takes steps towards becoming a full-smart municipality. That means a modern, clean and safe municipality with modern architecture, well-designed public space, a pleasant environment and good living conditions.
